

Achievement Day Winners

Three 4-H Beef Clubs took part in the combined achievement day in Drayton Valley Tuesday, July 2nd. Clubs taking part were Lobstick, Tomahawk and Drayton Valley. Marilyn Rasmussen of the Drayton Valley Club showed the Grand Champion, a Charolais-Angus cross, and is shown in the top photo receiving the grand championship trophy from Bob Simon of Double S Farm Supply. Club leader, Otto Guze, is shown at left. Reserve Grand Championship was won by Paul Engstrom of the Tomahawk Club with his Hereford calf and is shown in the lower photo with club leader Dave Case.

Buck Lake Stampede Next Wednesday

Plans are completed and everything is ready for the big Stampede at Buck Lake on Wednesday, July 10th. Cowboys from a wide area of the province are expected to be on hand to try for a share of the prize money in the annual stampede that grows progressively larger and better every year.

The day kicks off with a mammoth parade that starts at 11:00 a.m. with prize money for a wide variety of decorated and comical floats, decorated bikes and saddle horses and riders.

A full schedule of rodeo

events and races are on tap for the afternoon with good prize money available in each event. A gymkhana is also a feature of the day.

The rodeo events on all F.C.A. approved and bucking horses provided by Joe Bargett.

Events this year are taking place on a new arena and race track. A midway will also be in operation on the grounds.

Entries close on Monday, July 8th at 6:00 p.m. and should be sent to H.P. Siegle at Buck Lake.

A dance in the evening will wind-up the day's activities.

JULY 3, 1968

PRICE 10¢

Fine Weather for Tomahawk Sports

The area was greeted with warm sunny skies on the morning of July 1st following the crop saving general rain over the weekend.

The beautiful day, and the beneficial rains, were appreciated by residents of the Tomahawk area who celebrated the annual community picnic and parade on Monday.

Again, as was the case last year, the community was crowded for the excellent parade and the sports that followed during the afternoon. Community-spirited citizens put a great deal of work into preparing floats and other events of the day.

The parade from the Tomahawk School to the sports grounds was led by the Edmonton Girls Drum and Bugle Band who also performed on the baseball diamond before the start of the afternoon ball games.

Judges had a difficult time selecting winners in the parade categories but after several trips around the floats before and after the parade, settled on the Tomahawk Curling Club float as the winner of the adult club entries. The Community Club and Community Library float made the judges' decision difficult in this category.

Tomahawk 4-H Beef Club won the youth club entry; the farm entry was won by Mr. Everett Pryor's "Flower Garden of Alberta"; Gilbert Insurance won the commercial category;

Joey Piskonovich the individual entry for his decorated bicycle; and Southend F.U.A. Local was declared the winner of the comedy category.

The judges were Les Miller, Stony Plain MD Councillor; Ben Knowles, Mayor of Fort Saskatchewan; Drayton Valley Auctioneer, Wendy Sekura; and Ron Smith, Publisher of The Western Review.

Teachers' Assistants Proposed

Drayton Valley Elementary School has been selected as one of the locations in Stony Plain School Division where teachers' aides will be instituted next year on an experimental basis.

The aides would be expected to assist teachers in non-instructional tasks and allow the teachers more time for actual work with pupils by freeing them of routine duties that do not require teaching qualifications.

Other schools in the division will be taking part in the experiment are at Winterburn and Spruce Grove. The practice is already in use in some city schools.

Library at Entwistle Plans Summer Contest

There is a Reading contest to start for the two summer months. Prizes are to be given to the one who reads the most books. It will be divided as such: Grades 1, 2, 3; Grades 4, 5, 6; Grades 7, 8, and 9. Forms will be given to each one as they ask to participate and the forms are to be signed by the parent that the child has read the book.

The Library will be open on Tuesday evenings from 7 to 9 P.M. only for the next two months.

The Winners!

Whitecourt lawyer, Allan Sulatycky (L) who won the Rocky Mountain seat for the Liberals in last Tuesday's election is shown above with Prime Minister Pierre Elliott Trudeau whose party was returned to power with an increased majority. Mr. Sulatycky defeated P.C. Hugh Gorlay, Ind. Conservative Doug Caston, N.D.P. Searle Hornby, Ind. Liberal Collier Maberley and Ind. Liberal John McLeod to win the right to represent the huge new riding in Parliament. Standings at the weekend show the Liberals with 154 seats, P.C.'s, 72, N.D.P., 23, Creditiste, 14 and Independent 1.

2019.18.101A

Shown here is the Tomahawk Curling Club float that won the prize for the best decorated adult club float in the Tomahawk sports day parade on Monday, July 1st.

KEEPPHILLS NEWS

MRS. G. RAYMOND,
Correspondent

School has ended with excitement from the children, and yet a slight note of sadness as they lay their books aside for the summer months, and wonder just what they will do. In this area, school ends with an annual picnic sponsored by the Keepphills Athletic association, which is always enjoyed by young and old.

Things have begun to move in this district. Mr. and Mrs. Heap are moving some of their things into their new

home at Stony Plain. Mr. and Mrs. Wm. Lauder are moving to Devon at the end of the month and Roy Raymond is moving some of his things from Edmonton out here where they will spend their weekends and holidays this summer in the home they bought from Mr. Lauder.

Cecil Porter started moving his cattle from his pasture land down to near Coal Oil Creek, but the cattle had other ideas along the way and stampeded across the fields along the road, until the men decided they would give them a truck ride instead. The cattle are now being trucked to their new pasture.

Rhonda and Barbara Teague of Edmonton spent the week-

end here with their grandparents, Mr. and Mrs. Lauder.

Some of the local bridge players had a surprise gathering at Mr. and Mrs. Lauders on Saturday night, as a farewell to them.

Elva and Wayne Clark and family from Jasper spent the weekend at their daughter's Mr. and Mrs. Ed. Bacon at Highvale and visited other relations in the Keepphills area.

Concentrated sweets such as cake, pastry, candy and soft drinks have little food value except carbohydrate, and should be eaten only after all essential foods have been consumed.

D. V. Highlights

BY MRS. EDITH DEBY

Congratulations and best wishes for many more happy years to Mr. and Mrs. Walter Krause who celebrated their silver wedding anniversary on Sunday.

Mr. and Mrs. John MacKenzie Jr. are building a fine new farm house on their place across from the golf course.

Mrs. Claude Free attended the Christian Undenominational Convention in Greenfield, Alberta for four days last week.

Mrs. Stanley Douglas of Ottawa, has been a visitor for the past two weeks. Her parents, Mr. and Mrs. Mike Wilner, and Valerie, are taking her home and are staying for two weeks.

The Visersjorden family has moved back to Alder Flats.

Word has been received that Joseph Fitzpatrick passed away recently in Vancouver. Joe is a brother of Mrs. Ernest Forsythe, formerly of Violet Grove.

Mr. and Mrs. Nick Urchyshyn will leave by air shortly for Hamilton where Mr. Urchyshyn will pick up a new

school bus. They plan to be gone for two weeks.

Miss Glenda Galloway was in town over the holiday week-end visiting her parents, Mr. and Mrs. Arthur Durham.

Mrs. Leslie Hemdon is out of hospital and is slowly recovering her strength.

Mr. and Mrs. Noel Hallett of Estevan, Saskatchewan, are here on holiday. They attended the Tomahawk picnic on Monday and saw many old friends for Noel grew up in that district. Mrs. Hallett is the former Jean Herndon.

Baseball Schedule

Baseball games scheduled in the next few days are as follows:

Oilfield Baseball League-- Sunday, July 7, Warburg at Angels (Int.); Leduc at Devon; Cubs at Drayton; Edmonton at Breton (Int.). Wednesday, July 10--Millet at Edmonton; Breton at Warburg.

Mr. and Mrs. Lyle Town

Moon Lake Hall Setting Town-Carnegie Wedding

The Moon Lake Hall was the scene of a pretty wedding on June 15th, when Miss Evelyn Carnegie second youngest daughter of Mr. and Mrs. Gordon Carnegie of Moon Lake, became the bride of Mr. Lyle Town, son of Mr. and Mrs. Jay Town of Moon Lake.

The ceremony was performed by Pastor E. Yee of Evansburg.

Wedding music was played by Master Chester Town, nephew of the groom. A solo was sung by Miss Michelle Carnegie, sister of the bride accompanied by Chester on

the organ.

The bride, who was given in marriage by her father, was radiant in a floor-length gown of white net over taffeta with lace design. She also wore a pearl pendant, a gift from her parents, and carried a bouquet of red roses. Her veil was held in place by a crown.

Bridesmaids were Miss Barbara Block, niece of the groom and Mrs. Diane Tufty niece of the groom. The groom's attendants were Mr. Charlie Coward and Mr. Raymond Tufty, nephew of the groom.

For her daughter's wedding

Emergency Measures Urged for Winter Feed

Farmers in the central part of Alberta are urged to take emergency measures to ensure next winter's forage supply.

O. G. Bratvold, head of the provincial field crops branch, reports that a large percentage of fields are not going to produce a first cut of hay this year. The regions extends from Edmonton east as far as Vegreville, south-east to about Strome and south to Lacombe.

He urges farmers in these areas to sow some oats for greenfeed or silage on available stubble or fallow land. Anyone who has the equipment for putting up silage should do so because there is less waste with this feed than there is with greenfeed.

Mr. Bratvold points out that the energy content of silage can be greatly increased by planting about 15 per cent of an early maturing barley, such as Gateway, with the oats. He recommends a late oat variety

like Victory or Eagle for both greenfeed and silage because they yield a higher percentage of roughage. Do not sow barley if you intend to use the crop for greenfeed because the beards could cause problems.

Judging from past experience, in a normal year cereal grains can be expected to produce five to six tons of silage per acre, depending upon moisture conditions, soil fertility, etc. Although winter roughage requirements for a cow herd vary with the length and severity of the winter, one acre of silage for each beef cow to be wintered is a good general rule. Milking dairy cows will need a little more and finishing cattle a little less.

Since the grass in many hay fields is only about two inches high, it should be clipped or grazed immediately. This practice will induce regrowth for a second cut, providing

rains come later this month or in July. Be careful not to overgraze, says Mr. Bratvold. Over-grazing will damage the forage and reduce the subsequent hay yield.

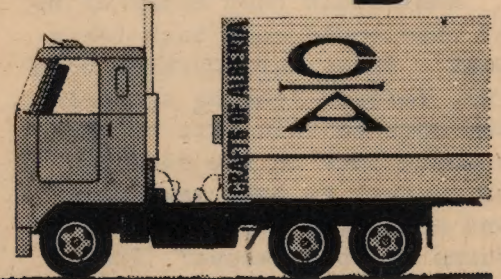

Anyone in other areas of the province who has more hay than he needs is asked to contact his district agriculturist, giving the amount, type and asking price of the hay. The Department of Agriculture will then put dairymen in the Edmonton area who are short of forage in touch with him.

HOW DO YOU LIKE THEM BANANAS?

From Pioneer to Present Day

What would they think of us if they could come back for a week - those hard-working hopeful, forward looking settlers who came to this part of the country late in the nineteenth century to make new homes and establish good prosperous farms and businesses? They found their joy in the sight of a fine crop of grain - a growing herd of cattle - a batch of homemade bread for a family ravenously hungry after a day in the fields - a gathering of neighbors to entertain each other with conversation and music made by themselves.

They would approve many changes; the modern methods of planting and harvesting the crops, the electric power that changed so much that was drudgery to an easier life. They would marvel at the varied kinds of transportation that whisk city folks and farmers alike from one corner of the world to another in a matter of hours. They would delight in the telephone that makes the whole world neighbors.

How would they enjoy travelling the breadth of the country on present day roads! Even though in some parts of the far west of our area, these are not exactly super highways even yet, they are still a far cry from the rough wagon trails that are the subject of so many tales of the early days.

They would probably be greatly amused by a modern barbecue and the shenanigans we go through with a small mountain of equipment to pro-

duce cooking reminiscent of the early wagon train days. But they would be appalled that the brain-power, which comes close to putting a man on the moon has not succeeded in finding the way to make lasting peace on our own planet - that the miracle of transmitting sounds and pictures into every home is used much of the time to entertain the population with a mish-mash of utter garbage.

They would think us very slow to find full use of our wonderful school buildings, which are just now starting to become community centres for out-of-school activities - after all, in the first years of settlement here in the west, the school house and the church were the centres of social life. They would join us in our reaction of horror and dismay at casual, callous murder - but would be more dismayed at our intrusion into the grief of a bereaved family, subjected to the prying eyes of the television camera at a time when, one would think, privacy would be most desirable.

We have come many miles down the highway of progress, and we have found many things to make our daily lives better. But in a good many ways, our forefathers, in what we might feel, were simple and primitive, were happier and more content with their lot, and always kept in view the target of a more secure and prosperous future made by the work of their own hands.

- The Wetaskiwin Times

1968 -- Scientists at CDA's Research Station at Swift Current have found that spring wheat is highly susceptible to poor soil aeration during the early shot blade (flag leaf) stage. The critical period is only a few days. At top are partially sterile heads of Chinook wheat from plants grown on poorly aerated soil. Below them are normal heads of Chinook from plants grown in well-aerated soil.

JULY 3, 1968

Members of the Southend FUA Local won the comedy float award in the Tomahawk parade Monday with their entry shown above.

Charolais Show, Sale

The first week of July is again "Charolais Week" in Alberta.

Last year the Charolais people had everyone talking with the prices of their sales; a bull at \$58,000, female at \$40,000 and a 2 month old bull calf going for \$20,000.

This year they are at it again with the show of sale animals and the sale slated for July 3rd at the Red Deer Exhibition grounds. The show will be on at 10 AM with a barbeque of, you guessed it, "Charolais mear", on for the afternoon.

The second "World Charolais Sale" will go at 7 PM in the Red Deer Arena, where there will be room for everyone, so come one and all.

A Central Alberta bus tour of Charolais farms and ranches will be the highlight for Thursday. Friday guests will be bused to the Calgary Stampede.

Back to Charolais activities for Saturday the 6th, with the big open Charolais show at the Calgary Stampede. All of the big names in the Charolais business will be competing for trophies and prize money.

RAMONA

MRS. JEAN STEWART
Correspondent.

Happy Birthday Laura Kos. Laura was six years old June 25th and will start school this fall.

We hope Artty Kos has his arm out of the cast now. Artty fell off his horse a couple of weeks ago and broke his arm. I wonder if he was getting ready to enter in the Calgary Stampede.

Vicky Kos and children went to Jasper last weekend to visit Emie. Hope you had a nice trip.

Marge Pollard and Mary Blatkewietz motored to Didsbury Tuesday to visit Mary's folks, Mr. and Mrs. Mercer. Mrs. Mercer is leaving soon to visit relatives in B.C. It will be her first trip to British Columbia. We wish you a happy holiday Mrs. Mercer.

Marge Pollard spent the long weekend at Banff. Hope you had a nice weekend Marge.

Ramona Community League is having their annual picnic on Sunday, July 14th. There will be ballgames, races for the children and bingo. Everyone is welcome.

Did you see the new fence around the grounds that Jim and Cecil built.

Our monthly bingo is July 9th and the jackpot is \$135.

WARBURG NEWS

BEN GROHN
Correspondent.

Warburg and surrounding area west have had several rains in the last month and the crops are in fair shape except where rain came down to fast which resulted in forming a crust. Some fields had to be harrowed or reseeded, however many fields are being plowed down. Hay and pasture were winter killed, and due to lack of moisture aren't doing too well at present and farmers are seeding green feed in order to have feed for their cattle in the coming year.

Mr. Steve Pichonsky, director, and Ben Grohn, manager of the Warburg Seed Cleaning plant attended a regional

meeting which was held at Westlock last Monday June 17. One fact which was stressed strongly was that farmers should be more careful with treated seed grain and should not feed any to animals or haul any to grain elevators.

Warburg Sports Day is Saturday, July 6.

The staff of Warburg schools held their picnic at Pigeon Lake June 21. Softball, horse shoes and food were enjoyed.

Sunnybrook's Sports Day will be held Wednesday, July 17. The Fish and Game Association will hold their annual raffle that evening at the dance along with the Sunnybrook Community Assoc. raffle.

Stripping at the Warburg Coal Company at Warburg is in full swing. The coal company is now owned by Mr. Bob Sarvas. We wish him and his family every success.

Molson's built a brewhouse around this man.

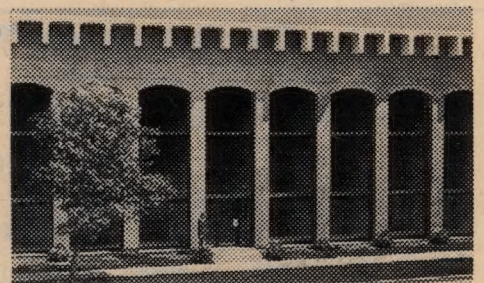

When we decided to build a new brewhouse, we wanted it to be the best in the world.

So we called in the best man for the job.

Brewmaster Steinecker is the brilliant Bavarian who developed a better way to brew beer.

Thanks to our new Steinecker Brewhouse, every bottle is naturally aged to consistently great flavour. Each carries the Brewmaster's personal stamp of approval.

We'll build our reputation around that.

MOLSON'S EDMONTON BREWERY LTD.

EVANSBURG

MRS. M. BRUNER,
Correspondent

Of necessity, this week's news column is short. Time, these days, just doesn't seem to stretch to make phone calls and exchange news items. At the present time three parade entries are being readied in our yard and the coming and going of several extras plus the strong smell of turpentine while painting is going on is just not the setting for news gathering.

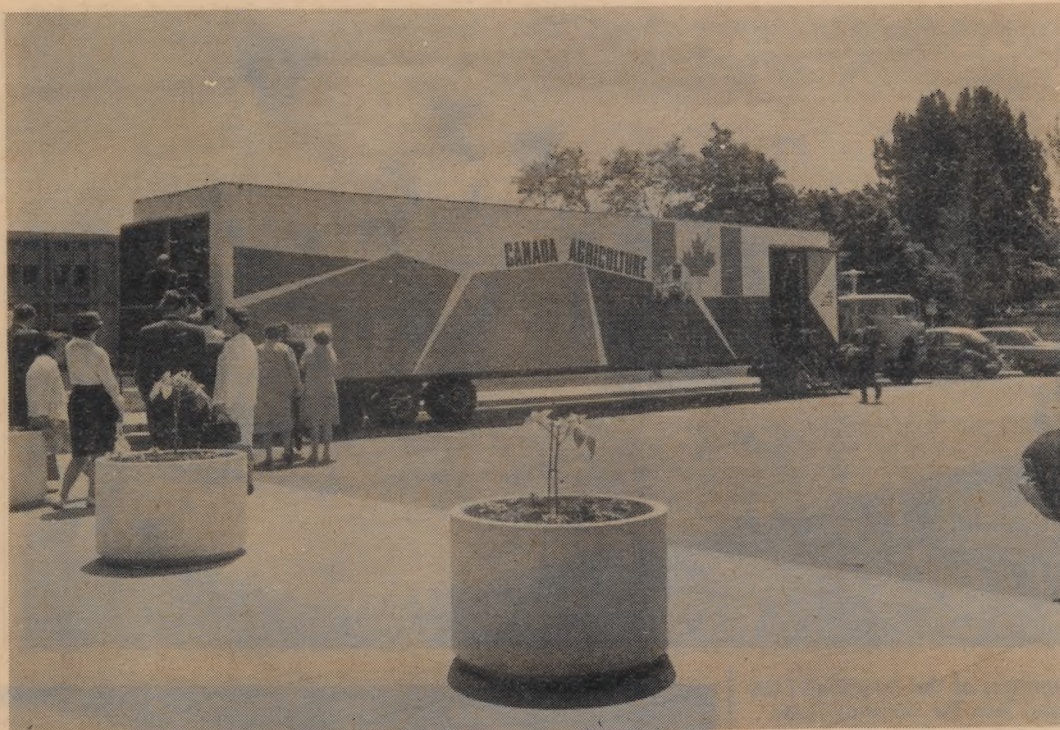

However -- I wish to report that Mr. and Mrs. Lin Early of Campbell River, B.C. and Mr. and Mrs. Ed Rhein of Edmonton were all visitors at the home of Mr. and Mrs. D. Farrell, recently.

The Wolf Cub Pack has now ceased activities for the year.

Their last pack meeting took place at the Park where the boys were exercised well and then given a feast of weiners. Thanks go to Cub master, Mr. H. Krasowski, who leads the boys in their activities.

At the present time, when this is being written, departmental exams are well on their way to being written and thoughts are turning to what the final reports on the report cards will say. Here's wishes for the best of luck to all those students who have been trying their best.

Wishes of birthday congratulations go to Mrs. D. Farrell who had a birthday recently, and many good wishes to the H. A. Hutchinsons who had their twenty-ninth wedding anniversary this month. We also note that the color of the Hutchinson's car has changed just recently. Good riding with the new model, folks.

Mobile Agricultural Exhibit

Agriculture of the future is featured in this mobile exhibit of the Canada Department of Agriculture. The caravan calls at major agricultural exhibitions at Winnipeg at the end of June, Calgary July 4-13, Edmonton July 18-27, Regina July 29 to August 3, and Saskatoon August 5-10.

BUCK CREEK NEWS

A surprise farewell party for the families that are moving out of Buck Creek was held in the Community Hall. Already moved were Mr. and Mrs. Tom Bevan and they were not able to join the party as Mr. Bevan was hospitalized.

The second family, Ed

Gaudet, will move to Drayton Valley where James will attend the Separate School. Mrs. Gaudet said in her farewell speech that they will still feel that Buck Creek is their home.

Last, but not least, is the Ralph Lambert family who are moving to Drayton Valley. The community wishes each member of the departing families happiness in their new surroundings, and hope to see them very often in our small town.

A bridal shower with about 22 ladies present was held for Linda Melin at the home of the McLean family. After all the games and laughter, Linda opened the many gifts which were very much appreciated. After thanking the people for the lovely surprise a fine lunch was served, and everybody felt it was a nice evening.

The Willing Workers again sponsored a picnic with races, ballgames and a lovely supper. All attending enjoyed the picnic, and are already waiting for the next one.

A surprise shower was held for Leanne Sieben at the home of Sheila Maine, with Donna Saff as co-hostess. The afternoon passed quickly and Leanne was very pleased with all the nice gifts. A delicious buffet lunch closed the enjoyable gathering.

Unusual for Buck Creek are three farmsales in two months time. The first one was held for Ed Gaudet, the second for Bill Genik and the third will be held on the farm of Mrs. Alvin McDonald. Mrs. McDonald will move to B.C. Bill Genik moved to the townsit.

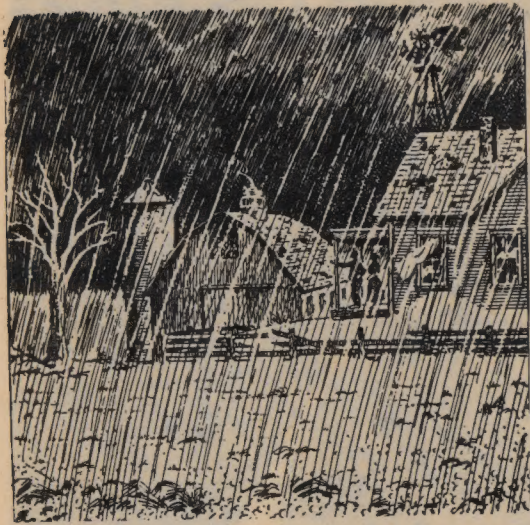

The community welcomes the people that bought Bill

Genik's farm.

An embroidery party was recently held at Lil Galley's house.

The second Sunday in July is set as cleanup day at the cemetery.

BURTONSVILLE NEWS

MRS. A. HOMME,
Correspondent

Mr. and Mrs. Jim Bailey held a surprise party for Mr. and Mrs. Reuben Rogers on Friday evening, prior to their leaving for their new home in Devon. They were presented with a lovely Steam Iron and Electric Tea Kettle. They both thanked their friends heartily. They visited friends in this area on Tuesday and are leaving for their new home on Wednesday. Bufford Walker who bought their home here will be moving in with his family in the near future.

Mary, David and Theresa Tattersall have gone on a holiday with Mary's sister-in-law and her husband Arthur Bryant of Keephills. They plan to visit Mary's son Lloyd at Big Lake Ranch in B.C.

Mr. and Mrs. Clayton Greanya have sold their property in Edmonton and Harvey Davis has dug their new basement here where they intend to build a new house. So Clayton will be moving back to Burtonsville.

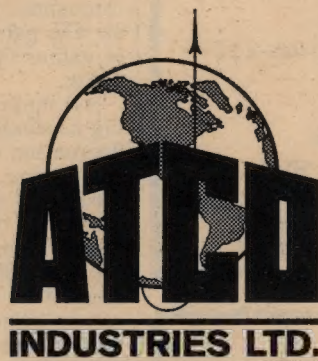

The Free Methodist Sunday School Groups of Mewasin and Burtonsville held their annual picnic on Mary Tattersall's Farm on June 22. There was a goodly number that turned out. Out of the districts were some from Wildwood, Edmonton and one couple from Qualicum Beach, B.C. All took picnic dinners and there were ball games, races etc. and a short devotion period. Ice cream was served to all and everyone went home happy.

David Tattersall had a disappointment on Monday morning to find a bear had cleaned up one of his best Bee hives and had disturbed others.

The frost of the 21st of June left some gardens a sad mess while it hardly touched others.

Melvin and Rene Homme with daughter Debbie of Red Deer visited Melvin's aunts on the weekend.

Albert and Bernice Osbak of St. Francis with their family also visited Bernice's parents and attended the picnic on Saturday.

Recreation Round-Up

By
Mike Gormley

WADING POOL OPENS

The Rotary Community Park Wading Pool opened July 1st and will be open every day, weather permitting during the months of July and August. Daily hours of operation for the wading pool will be from 1:00 p.m. till 5:00 p.m.

The pool is drained and cleaned each evening and is filled daily with fresh chlorinated water from the swimming pool system. This facility is meant for smaller children who are too young to be admitted to the swimming pool unattended. Consequently any older children will not be allowed to use the wading pool unless circumstance war-

rants this use. The pool is constantly under supervision when open to the public. The wading pool supervisor for this season will be Miss Valerie Moody.

SWIMMING PROGRAM:

The summer swimming program is underway. A regular swimming instruction program will run daily Monday through Friday during July and August as will public swimming and training in competitive swimming at scheduled times. Special courses will be held

from time to time throughout the summer for candidates aspiring to Royal Life Saving and Canadian Red Cross Awards. The first such course will be held this weekend when the Red Cross Instructors and Senior Leader training will be offered. This course taught by our Chief Lifeguard, Sharon Phelan will start July 5th and run through July 7th as the first half of the course. It will resume July 12th and will be completed on July 14th. All the theory sessions of this course will be taught in the Recreation Room in the Centennial Civic Centre. This is the first time that we have had training of this nature offered in this community and it is expected that it will have far-reaching results in the future of our entire swimming program.

BASEBALL NEWS

The baseball program has been revised for the remainder of the season. The Town League at the "Little Canadian" level has disbanded due to the fact that so many boys are leaving on holidays at this time. A team in the "Little Canadian" category will play in the Northern League throughout the summer as well as take part in any tournaments or games that might come along.

All those interested in playing baseball should contact the Recreation Office and submit their name. There will be a great deal of changing and adjusting on this team from game to game due to boys leaving town on holidays. This may sound a bit outlandish but it can be quite a problem to assemble enough boys for a ball team on a given day during the summer.

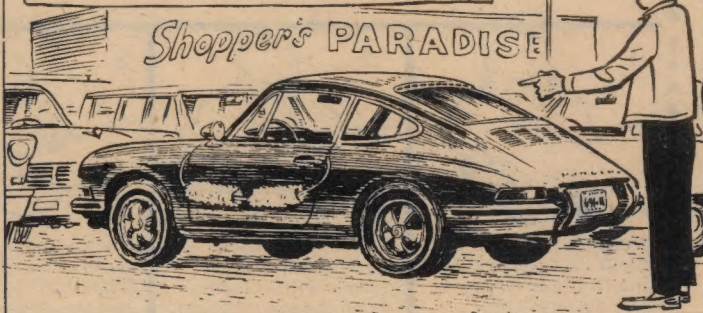

OUTSTANDING DISTRICT ATHLETE PASSES

The people of Drayton Valley and District were saddened to learn of the tragic and untimely death of Orvin Combs killed in a car accident in British Columbia last Friday. Orvin was the pride and joy of the Pembina Boxing Club from 1960 to 1964 when he left Drayton Valley to take up residence in other parts.

Combs was a fantastic boxer. At the tender age of seventeen he had compiled one of the most amazing ring records in the annals of amateur boxing in Alberta. In 1963 Combs was rated by many experts,

THE WHEELS

WHY WOULD HE HAVE BOAT FENDERS ON THERE? DOES HE BUMP AND SCRAPE PEOPLE ALL THE TIME HE'S DRIVING?

THEY'RE FOR WHEN HE'S NOT DRIVING!

HAVEN'T YOU NOTICED HOW LADIES OPEN CAR DOORS IN SHOPPING CENTER PARKING LOTS?

pound for pound, the best amateur boxer in Canada. The fact that Orvin overcame a crippling injury in childhood to star in the ring was one of the astonishing things about this amazing athlete.

The climax of Orvin's ring career, a career that had many victorious moments, came in September, 1962 when he won the Canadian Bantamweight championship in the British Empire Games Trials held in conjunction with the Canadian National Exhibition in Toronto. He qualified for the Canadian boxing team in the B.E. Games, however, he was ruled out because of his age. He was only 16 years old at the time. Early in 1963 Combs won a spot on the Pan American Games Canadian team and was ready to head off to the Games in Brazil, but once again his age disqualified him. Combs fought his last key bout of his amazing career in Edmonton in the fall of 1963 when he lost a split decision to Teddy Billingsley of Edmonton for the amateur featherweight championship of Canada. Orvin had several lesser bouts after that but nev-

er regained his former lofty standing in the Canadian amateur ring game. He quit boxing in 1965.

In eulogy of Orvin Combs let us remember him as the great athlete that he was, and the nonpareil sportsman for which he was famous. He was a credit to his community, to his province and to his country. He will be sadly missed by all who knew and loved him.

July Food Outlook

OTTAWA--Steady to stronger prices are expected for most meat products during July. Seasonally increasing supplies will mean lower prices for most fruits and vegetables.

Here are the details of the July food outlook as prepared by the CDA's Economics Branch:

Pork--With supplies slightly lower, prices are expected to remain firm and may strengthen.

Beef--Prices will remain firm due to strong demand.

Eggs--Steady to stronger egg prices are expected.

Chicken--Broiler chicken prices will continue to be strong due to seasonally increased demand and lower supplies.

Turkey--Broiler turkey supplies are lower than a year ago and prices will be strong to slightly higher.

Potatoes--Early supplies of new potatoes will strengthen prices.

Fruit and Vegetables--Seasonally low prices are expected to result from increasing supplies of leafy greens, berries and soft tree fruits such as cherries and apricots.

YELLOWHEAD ROAD USE TO BE PUSHED

A committee has been established to arrange formation of an organization to promote the Yellowhead Route, from Winnipeg-Saskatoon-Edmonton-Jasper-Kamloops-Vancouver, in anticipation of the road being in full use.

Some sections, chiefly in B.C. and generally associated with bridge construction, remains to be completed.

The road is open for travel, but E. T. Love, who served for seven years as secretary of the old Yellowhead Route Association, has warned it would be a mistake to encourage premature use of it by tourists.

Leo LeClerc said the route must be "packaged and sold to tourists and industry".

Jr. High School Awards Night

Over five hundred parents and students were present at the third annual awards night held by the Drayton Valley Junior High School Thursday evening. Due to inadequate facilities at the Junior High School the event was held in the Drayton Valley Elementary School auditorium.

Mr. R. Murray, vice-principal, greeted the guests and introduced the principal, Mr. B. Richer. Guest speaker of the evening was Mr. Toews, superintendent for the Stony Plain School Division. Mr. Tyler, a trustee of the division also spoke.

The entertainment for the evening was provided by students from grades 5, 6, 7 and 8 under the direction of Mrs. L. Ross. A display of various dances from the 18th century to the very modern was presented by the 7 and 8 girls with skits, monologues, record pantomimes, a play and musical selections by grades 5 and 6 giving the audience a fine evening of entertainment. The Childhoods End, a local teenage band, were also present for the evening's entertainment.

Awards were presented as follows:

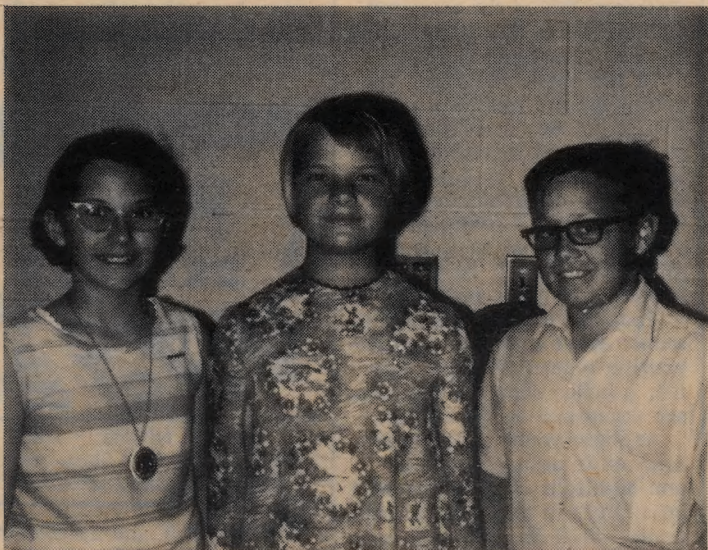

Grade Five, Top Honors, Michael Koebernick, Deana Fowler, Donna Schneider; Honor Certificates, Karen Ma Machan; Top Merit, Dale Poloway, Wesley Resler, Wesley Kelly; Merit Certificates, Lyla Kerber, Gerald Krabbe, Nita White, Judy Gustafson, Renate Mueller, Donald Johnson, Dorothy Robinson, Brian Schuman, Brian MacKenzie; Perfect Attendance, Anita Hyde, Lyla Kerber, Brian Compton, Michael Koebernick, Lynn Mattoon, Dale Rendflesh, Audrey Labatiuk, Valerie Streit, Brady Jonsen, Edward Cargill, Beverley Sim Simpson, Chris Westerhausen, Jerry Mikulin, Deena Davis; Most Improved Student, Bert Gano, Donna Freund, Deena Davis.

Grade Six--Top Honors, Heather McKenzie; Honor Certificates, Michael Courtney Loretta Fowler, Sharon Hay, John Schneider; Top Merit, Debbie Starozik; Merit Certificates, Nadia Oscar, Bob Hall Sandra Summers, Rachel Sjuberg, Colleen Ellery, Beth Edmunds, Doris Gustafson, Ann Armstrong, Cameron Selin, Evelyn Obst, Gloria Stec, Yvonne Domke, Carol Gottschalk, and William Turtiak; Perfect Attendance, Beth Edmunds, Gloria Hale, Barbara Paley, Ronald Elliot, Robert Hall, Wayne Halldorson, Dean Samis, Lyle Van Loosen, Willabell Munro, Bruce Knight, Carol Gottschalk and Corelynn Fletcher; Most Improved Student, Edward Eustace; Debbie Starozik, Carol Gottschalk.

Grade Seven--Top Honors, Donna Kerber; Honor Certificates, Antoinette Krabbe, Edward Toews, Lindsay Machan, Anna Kaarsemaker, Philip Steeves, Kim Hansen, Darlene Rendflesh; Top Merit, Gavin

Top honors students in grades 6, 7 and 8 are shown above at the Drayton Valley Junior High School Awards Night last Thursday. From left to right are Heather MacKenzie, Grade 6, Joanne Chenery, Grade 8, and Donna Kerber, Grade 7.

Grade five top honors students who received awards at the Junior High Awards Night are shown above. From left to right are, Donna Schneider, Deana Fowler and Michael Kobernick.

Ibbotson; Merit Certificates, Wendy Medwed, Daryl Miller, Mary Osipow, Pat Frank, Pary Mohn, Leola Block, Cyndy Jones, Danny Brown, Bonnie Mohn, Wanda Mann, Debra Wickens, Mark Hutton; Perfect Attendance, Alberta Fletcher, Leola Block, Edward Toews, Faith Herold, Sherry Hopfe, Zane Reinhart, Crystal Durham, Bonnie Mohn, Donald Cargill, Gerald Dusterhoft, Brenda Streit, John Kennedy, and Wendy Medwed; Most Improved Student, Alberta Fletcher, Caroline LaChance, Robert Henderson, Gavin Ibbotson.

BERRYMOOR

MRS. D. MARTIN
Correspondent

This past week saw the end of school for this term. The students, teachers and bus drivers are all pleased at the prospect of summer holidays and a change in their daily routine.

On the evening of June 24 a group of relatives and friends gathered at the home of Mr. and Mrs. A. Wideman to bid farewell to Pat Gavigan who is leaving our district to take up residence in B.C. Mr. Gavigan has lived in Berrymoor for many years and he is wished the best in his new home.

On Wednesday evening, June 26th a farewell party was held at the Lindale Hall for Mr. and Mrs. Ivan Whittaker and family, who are also leaving our community. A large crowd was in attendance to bid them adieu and to wish them health and happiness in their new home. They will be taking up residence in Edmonton. They have been active in community affairs and will be greatly missed.

A week ago Mr. and Mrs. Allen Wideman and Mr. and Mrs. Sam Tweedle motored to Red Deer to attend the dedication services for a new church. These services were conducted by the Rev. W. Annette, who is Mrs. Wideman's brother.

Election day saw us favored with beautiful weather and a good turn out was recorded at our local poll. Locally the voters favoured the Conservative party by a strong majority.

Mr. and Mrs. Bob Roberts were very pleased to have their son, Jim, arrive home for a holiday.

Congratulations to Mr. and Mrs. Richard Bowen who were married on June 28th. Their

Second Section

THE WESTERN REVIEW

Drayton Valley, Alberta

wedding dance was held that evening at Lindale Hall and was attended by a large crowd.

John Davis was home for a few days from his job in southern Alberta.

The rain that has been so badly needed finally came. Many parched crops and gardens will have a new lease on life now.

The events planned for the first of July at Breton were cancelled because of wet grounds. Late in the afternoon a baseball game was played between Breton and Drayton Valley which ended with Breton being the winners.

The Golden Spur Gymkhana Club held a series of events and a barbecue steak supper, followed by a dance at Lindale Hall on July first. The attractions of the day were very well attended as was the dance at night. The members of the gymkhana are to be commended for a very good effort.

Mr. and Mrs. Gordon Tryon spent the weekend in the district visiting relatives.

Mr. and Mrs. Calvin Lind and family of Cowley, Alberta spent the weekend with Mr. and Mrs. Jim Martin. Mr. Lind is Mrs. Martin's brother.

Health Hints

from
THE CANADIAN MEDICAL ASSOCIATION

"THE SHAKING PALSY"

Parkinsonism, or the "shaking palsy", is a condition named after James Parkinson, who first described it in 1817. It is a disturbance in motor function which is characterized chiefly by the slowing of emotional and voluntary movements, muscular stiffness or rigidity, and shaking.

The Canadian Medical Association reports that Parkinsonism is a common disease and usually affects people over age 45. It is always progressive, but its rate of progression varies considerably from person to person. The symptoms usually appear on one side of the body and spread to the other as the years pass. Parkinsonism itself does not cause to worsen when the patient is immobile.

Many drugs are available to help those with Parkinsonism. They have the effect of suppressing the tremor and loosening the stiffness. Unfortunately, most of these drugs also have the disturbing side effect of drying the mouth, which is sometimes hard for patients to tolerate.

In recent years surgery has been used to help control Parkinsonism. The C.M.A. advises that the current operation is called a thalamotomy. This involves the cutting of nerve fibres carrying the "tremor information" and those relating to stiffness.

Cadets Attend Summer Camp

Approximately 2000 Air Cadets from the western provinces and northwestern Ontario will attend Summer Camp at CFB Penhold, Alberta.

Cadets of Drayton Valley Squadron left at the weekend and will be at the camp during the first two weeks in July.

Of two weeks duration, the camps feature healthful recreation in the out-of-doors, plus advanced instruction in service history, leadership and naturally, considerable drill. The Cadets will participate in organized sports, such as swimming, volleyball, hardball, softball and track and field.

Tours have been arranged to scenic areas and also to neighbouring industrial sites. Movies, a hobby shop and canteens are organized on the station.

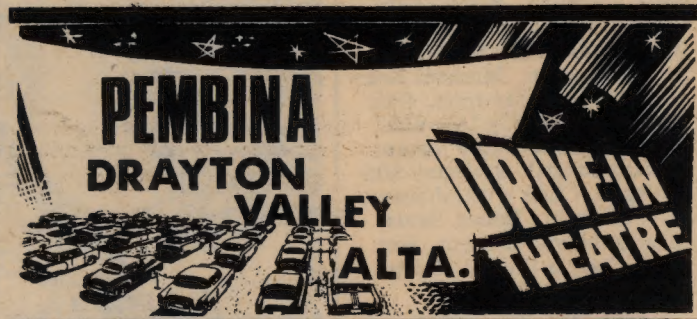

As these young men are interested in actually flying, one highlight of the camp will be a flight in an Otter aircraft. A real thrill for every air cadet is his first familiarization flight in a modern aircraft. These flights are not just "joy rides" but are arranged so as to instruct cadets in flight planning, flight safety and navigation. High on the cadets' list of priorities is a 15 minute flight with an instructor in a glider. The glider is towed aloft, released at 2000 feet and is silently manoeuv-

ered for a landing.

For the outdoors men (boys) a satellite camp located 60 miles west of Penhold provides a brief indoctrination into the realm of bush lore. Here, the cadets learn the safe and efficient handling of hunting knives, axes, tents, sleeping

bags, Coleman stoves and lamps. Shelter and fire building, and other basic survival techniques are impressed upon the boys.

The first intake is on July 1, the next on July 14, the third on July 28 and the last camp begins on August 11th.

EACH NIGHT - Starts at Dusk - 9:15 p.m.

Sunday Midnight Show starts at 12:00 Midnight every Sunday

Hog Producers to Register for Voting

Hog producers will be asked to register with the Alberta products marketing council later this summer in preparation for voting on a plan for a hog producers' marketing board, recently approved by cabinet.

A total of 6,000 hog producers, who between them sold a minimum of 600,000 hogs from May 1, 1967 to April 30, 1968, must register before the plan can come to a vote. If these requirements are met, a copy of the plan will be put into operation later this year if it received a majority of affirmative votes.

Under the proposed market-

ing plan, buyers would have an equal opportunity to bid competitively on all slaughter hogs. The selling mechanism, likely to be a teletype system, would be available to individual producers, shipping associations, livestock selling agencies operating in public livestock markets and to those concerned with assembling and transporting hogs from rural points.

The plan also calls for a levy of approximately 30¢ a head to be deducted on all market hogs. A minimum of 5¢ per hog would be set aside to establish a fund for promotional programs and research into production efficiency and carcass quality improvement. The remainder would be used

to operate the board.

At the present time it is not expected that the board would be directly involved with assembling and transporting hogs. Producers would continue to make their own arrangements. Although the board would have the authority to make settlements with producers for hogs marketed, whether or not this authority would be used would be up to the discretion of the members, after they have had some experience. It is expected that the board would be assisted in such decisions by an industry advisory committee, composed of representatives from the meat packers, truckers and producers.

The board will not have the authority to control production or marketing by imposing quotas. Should such authority be considered necessary at some future date, producers would have to vote on it before

before the marketing council would consider granting this power to the board.

If implemented, the first hog producers' marketing board would be composed of producers appointed by the Lieutenant Governor in Council for a period not exceeding 18 months. Meetings would then be held in seven districts

of the province to enable producers to elect board members.

SEWING WITH SHEERS

You need to know the characteristics of modern fabrics if you are to sew or clean them with satisfaction. When you are shopping for fabrics or readymade garments you may find the following facts useful to you.

Sheers: You will see some very pretty sheer fabrics in the stores this summer. For a hot weather wardrobe they are as comfortable as they are pretty. They are also a becoming choice for the figure that needs an illusion of less weight.

The firm sheers are easy to handle when sewing them, but the softer sheers can be very, very difficult, indeed. The most satisfactory means of sewing them is to lay and baste them on tissue paper, seeing that the grains are at right angles to each other. Since they are difficult to mark, use the tissue paper as the base on which to mark, not the fabric. Cut sheers with the tissue paper to avoid slipping of the fabric; also use extremely fine steel pins, machine needles of 11 or 9

will be most satisfactory to you, especially when sewing a buttonhole.

Skirts or dresses made of sheer fabrics can be underlined, although this may take away from the sheer effect. You can also line them if you sew the lining separate from the sheer fabric in the skirt. All seams will have to be finished individually. Seams cut on the straight grain of the fabric pucker, so use seams which are cut slightly on the bias. Full gathered skirts can be altered to this by cutting off about one inch of side seam at the waist, tapering to the original seam at the hem. Semi-sheer fabrics may be satisfactory with plain seams, but the true sheers require French seams on garments for a finished appearance.

Assistance for Students

Provincial money awarded to students comes from the Queen Elizabeth Education Scholarship Fund, established in 1959 to commemorate the Queen's visit to Alberta.

A new pamphlet listing the various types of financial assistance available to students under the Queen Elizabeth Education Scholarship Fund is now available for distribution through the Students Assistance Board. This pamphlet describes all aspects of the Alberta student assistance program, and incorporates recent changes in regulations. Copies of the pamphlet may be obtained from the Students Assistance Board, Department of Education, Edmonton, Alberta.

WHO'S NEW

June 25--Mrs. LaVeme Dalke (Clara), Carnwood - Boy - 6 lbs. 4 ozs.

June 26--Mrs. Lloyd Remus (Donna), Drayton Valley - Boy - 5 lbs. 12 1/4 ozs.

The winner of this week's heaviest baby contest is Mrs. Dalke with her boy weighing 6 lbs. 4 ozs. Mrs. Dalke may pick up her baby spoon at:

HOW TO USE PESTICIDES

Attacks on potatoes by the Colorado potato beetle caused farmers to experiment with Paris Green. That was a hit and miss experiment 100 years ago — and it worked! It killed the pests and saved the crops.

Today under the general name of pesticides, you use fungicides, herbicides, rodenticides, molluscicides, bactericides, nematocides, and so on. In fact pesticides are a major tool in your program of crop production.

It is important that these crop protectors be used correctly. Failure to do so means money down the drain with probable loss of crops, and possibly worse: applying less than the recommended amounts may fail to achieve control of pests while applying too much may result in crop damage or undesirable residues of the pesticide in the crop.

Carelessness in applying some powder or spray pesticides can end in poisoning livestock or damaging crops in adjacent fields. There is evidence of streams being contaminated and wildlife being destroyed as a result of "drifting" and of improper

disposal of containers. There are usually label instructions to protect bees and beneficial insects if the product presents a distinct hazard to them. These instructions must be heeded.

You should use only those pesticides which are registered for your area and use them only for the purposes prescribed and in the manner recommended. A great deal of scientific research is done both in the laboratory and on experimental plots to develop these pesticides. All pesticides sold to farmers must be registered with the CDA's Plant Products Division and the registration number is given on the label. Directions printed on the label are backed up by research and checked with CDA.

To gain the best results from pesticides you should follow these basic steps:

1. Enquire from one of your agricultural information sources which pesticide best suits the need in your area.
2. Store, use and handle the product strictly according to instructions.

If the directions call for wearing protective

clothing, you can be sure there is good reason for this advice. Washing frequently to remove any chemicals that may have splashed on the skin is a good rule to follow and you should also change your clothing after working with pesticides to reduce absorption of chemicals into the skin.

The storage and care of containers is a most important part of the handling of control chemicals. They must be kept out of the reach of children and animals during storage and disposed of in a safe manner.

First Aid precautions and antidotal procedures are found on the labels of pesticides that could be hazardous in use and you should familiarize yourself with these in advance of application. In the event of an accident or the occurrence of symptoms, apply First Aid and call a doctor as soon as possible. Poison control centres have been set up in many points in Canada to give assistance to physicians and to victims of accidental poisoning. It is a good idea for anyone using pesticides to learn the location of the nearest centre in anticipation of possible emergency.

LODGEPOLE NEWS

MRS. CHARLOTTE KAY, Correspondent.

Mr. and Mrs. Roy Mundorf and Mr. and Mrs. John Lester were the guests of honor, when friends gathered at the Community Centre to bid them farewell.

Mr. G.D. Bolianatz was M.C. and presented each couple with a lawn chair on behalf of those present, and others who were unable to attend.

Roy and Shirley have left for Black Diamond, and Mr. and Mrs. Lester will also be leaving shortly.

Refreshments and dancing brought the evening to a close. Friends of Mr. Len Kay will be pleased to know he will soon be out of the hospital.

Things always come in threes, who's next? Miss Carol Dykens of the Lodgepole Teaching Staff was the guest of honor last Monday when over forty people gathered in the Community Centre.

Mrs. Dave Yakomwich, a colleague of Miss Dykens, introduced the guest of honor, and welcomed the guests. The bride-elect was assisted by another colleague, Mrs. Jane Zanders, and Mrs. Palmer.

Carol is well known to Lodgepole having been a member of the teaching staff for the past two years.

By the time this goes to press, she will be Mrs. Norman Stewart and I am sure I speak for all who know her when we wish her all the best now and for the many years of happy married life.

Mr. and Mrs. Stewart will reside in Lodgepole.

News may be missing for a week or two as this reporter will be attending University of Alberta.

Happy holidays to all Lodgepole students and staff. Congratulations to all who passed. To those who didn't make it there's always next year.

Your Better Business Bureau cautions that the "Show Home" scheme may be just another gimmick to sell a deal that won't stand up to investigation.

THE HOME TEAM

"You forgot what?"

Booklet of Interest to Women

The 1968 version of the booklet, "Laws of Interest to Women of Alberta", compiled by the Women's Cultural and Information Bureau will soon be off the press. Outside the booklet is the same... only a little more shocking pink in color. Inside you'll find a summary on the new divorce legislation; changes and simplification of the procedure on obtaining citizenship; updating of information from many Alberta government departments and additions under "Courts" to mention the Small Claims Act Court and its functions,

along with information on the recent rulings on rent deposits. Legal aid and the provincial government's consumer counselling service are also mentioned.

The Bureau has received over a thousand requests for this new version of the booklet during the last month. These will be filled early in July, the moment the booklet is off the press.

Everett Pryor is shown with the float that won him first prize for the farm entry in Monday's parade at Tomahawk. Well decorated with hanging baskets of flowers, the float used the theme of "Flower Garden of Alberta". The centre piece of banks of flowers and plants revolved slowly to the accompaniment of a Solo Accordion.

Has your firm ever been told that if you don't subscribe to an ad, that your firm will be boycotted. Report such instances to your Better Business Bureau. It may only be an threat to get your money.

The Order of St. John, or St. John Ambulance as it is popularly known today, traces its origins back to the year 1099 and the Crusades, thus making it the oldest of chivalry in the Commonwealth.

We challenge daily greasing

Massey-Ferguson MF 12 BALER

Engine-driven or PTO models

The Massey-Ferguson MF 12 Baler requires fewer stops for adjustments, maintenance and service — 15,000 bales between greasings is just one example! Another is the new optional tractor seat control of bale density. The MF 12 has a remarkable reliability record too—proven by Massey-Ferguson warranty records and statements of happy owners. Order your MF 12 now for a non-stop, worry-free MF type haying season.

Another float that caught the judges' eyes was the entry by the Tomahawk Community Club using the theme of "The Old Lady Who Lived in a Shoe". The float was one of the many fine entries in the Tomahawk Sports Day parade on Monday, July 1st.

ENTWISTLE NEWS

MRS. E. OLIVER,
Correspondent.

Mr. and Mrs. Bud Bullock have moved to Drayton Valley to make their home.

Mrs. Wayne Bullock and daughter of Fort McMurray spent a week visiting Mr. and Mrs. George Bullock.

On Friday June 21st. the Entwistle Girls and the Darwell girls Soft Ball Teams had a game in Entwistle with the winners being our home team.

Good work girls as the spectators enjoyed it too.

Margaret Leyden of Penticton, B.C. spent a few days in Entwistle with her Aunt and Uncle, Art and Verna Miller and cousins. She has been busy seeing her old school mates and many friends. While here she helped to celebrate Valarie Peden's birthday. With Valarie were Rick Peden, Bruce Leyden and Jean Anderson, with Valarie's mother and dad.

Gordon and Marge Campbell attended a reunion at Stanger on Sunday, June 23rd. They renewed old acquaintances and thoroughly enjoyed the after-

noon.

Sympathy is extended to Mr. Elwood Douglas and family at the recent death of Mrs. Douglas. The Douglasses were former residents of our district.

Mrs. Annie Sullivan has been visiting her daughter Charlotte Turnbull of Winnipeg.

It was learned today June, 26th, that Mrs. Anna Gylander is in the Drayton Valley Hospital. We hope she will not have to stay there to long but will be home shortly.

Worry never helped anyone--except a competitor.
